

Read John chapter 1 verses 29 – 50

The excitement of the first followers of Jesus is evident in these accounts of when they first met Him. That sort of enthusiasm is infectious! When we have good news, we can't wait to share it with our nearest and dearest either!

How are your levels of enthusiasm for Jesus? Are you eager to share the good news?

“Count your blessings” is an old cliché, but a worthwhile exercise, especially when life crowds out our appreciation of all that God has done and continues to do for us.

Spend some time doing just that – count your blessings – and recall all the amazing events that have marked your journey of faith so far.

Then, using a marker pen in your favourite colours, write or draw something that represents why Jesus is such Good News, on the post it notes & attach them to the curtain – proclaim it bright and loud!

If you feel you have a longer story of God's amazing love to share, use the Testimony Notebook.

Ask the Spirit to prompt you at the right times, to share your faith story and invite others to “come and see”...
